Thanksgiving Day Fun! Logic Puzzle

Thad, Theo, and Thor (brothers) spent Thanksgiving Day with Thelma and Felicia (sisters.) Each person spent the day before Thanksgiving making a crafty decoration. After the feast, each person did something different. Use the clues to find out the craft each person made and what they did after the feast.

	Crafty Decoration		What They Did After Eating							
	Wreath	Crafty Phone	Centerpiece	Napkin Rings	Handprint Turkey	Watched Parade on TV	Watched Football on TV	Took a Nap	Chatted with Family	Went for a Walk
Thad										
Thelma										
Theo										
Thor										
Felicia										
Watched parade on TV										
Watched football on TV										
Took a nap										
Chatted with Family										
Went for a walk										

- CLUES:
1. The person who made napkin rings also took a nap.
 2. Neither Felicia nor Thad watched TV after the feast, but one of them had made the centerpiece and the other one of them had made a wreath.
 3. Theo made a cornucopia but didn't chat with family.
 4. The five people are Thelma, the person who made napkin rings, the person who went for a walk, the boy who watched the parade, and the girl who made the centerpiece.
 5. The person who chatted with the family after the feast was the one who made the centerpiece.
 6. The person who made the handprint turkeys also watched football after the feast.

Name _____ Now That's Hot!

Use the clues to find the hottest temperature on each continent, or geographic area.

Source: <http://www.nationalgeographic.org/education/interactives/hottestarea.php>

Location/ Highest Temp (°F)	59	108	120	122	128	129	134	136	*
Africa: El Azaia, Libya									
Antarctica: Vanda Station, Scott Coast									
Asia: Tirat Tsvi, Israel									
Australia: Cloncurry, Queensland									
Europe: Seville, Spain									
North America: Death Valley, CA									
Oceania: Tuguegarao, Philippines									
South America: Rivedadina, Argentina									

CLUES

1. Thinking about where Antarctica is, its highest temperature should be obvious.
2. South America has a country whose high temperature is almost twice Antarctica's.
3. Oceania's high temperature is closest to half the temperature of boiling water.
4. A continent entirely in the southern hemisphere has a high temperature of 128.
5. Seville, Spain's high temperature is less than 129, which is less than North America's high temperature, which is less than Libya's high temperature.

Name _____ Four girls (Emma, Madison, Kaitlynn, and Hailey) competed in four different sports during the summer. They all did well! Each girl (or her team) got either first, second, third, or fourth place. Use the clues to discover the sport each girl participated in, plus how well they placed.

	Sport		Place					
	Soccer	Swimming	Softball	5K Run	First	Second	Third	Fourth
Emma								
Madison								
Kaitlynn								
Hailey								
First								
Second								
Third								
Fourth								

- CLUES**
1. Kaitlynn's team didn't finish first or last.
 2. The girl who ran the 5K came in first!
 3. Neither Hailey nor the softball team came in fourth.
 4. Emma placed higher than both Madison and the soccer team. She isn't a swimmer.
 5. Kaitlynn's sport requires a lot of equipment, including a ball, but Madison's sport does not.
 6. Hailey played soccer, which finished higher than the softball team.

ANSWER GRID:
